Keahak XIV - Registration now open

Join thousands of Shaumbra from around the world for Keahak XIV. For the past 13 years, the Keahak program has been the leading edge of Adamus' new physics, metaphysics, and beyond. These advanced sessions, delivered two times per month by Adamus in the House of Keahak, dive deeper than any other Crimson Circle materials into the nature of reality and the metaphysics of Creation. Keahak XIV will focus on bringing higher levels of consciousness into your life, staying in communication with your Soul, gently integrating your Free Energy Body (Light Body), and living as an embodied Master at a time when the planet needs it the most. In addition to the bi-monthly sessions with Adamus, Dr. Douglas Davies (aka Dr. Doug)

and Linda Hoppe offer a monthly online show called Living in Keahak to discuss and review the more recent Keahak channels. Keahak XIV will be available in 11 languages. Registration is now open. The first session begins in early July.

Free! The Human Face of Mastery

The Human Face of Mastery is a conversation with 8 Shaumbra, recorded in November 2023. It is a collection of stories: about the miracles that happen inside when one allows their divinity to join them in their humanness; about the jewels of wisdom one finds in the "pockets" of their own energy when they are brave enough

to reach for it; about magic carpets of clarity that rise you above the human perspective and carry you over obstacles of heavy old energies. These are genuine, true, and very human stories of how it feels to wake up every day in the reality of the human world and to go through its wonders and challenges reminding yourself that "You are God also". You'll hear about their experiences of becoming realized, talk about the doubts and expectations they had, about changes in their lives, and about the things that help them to stay present and aware. This documentary is a snapshot of what embodied mastery may look and feel like, a picture capturing a process that continues to unfold. It isn't meant as a set of guidelines on how to become realized; rather, it is a tale about Masters for those who like heartfelt stories with real characters. Now available as a download in the Crimson Circle store, or on YouTube.
