**BON Adventure
Kona, Hawaii USA**

February 12 - 16, 2017

It's our second time on the Big Island of Hawaii, and together with Adamus Saint-Germain, we've arranged our second BON Adventure workshop. BON is the term used by Adamus to describe the backdrop of creation onto which consciousness projects itself to create reality. "Bon" is also the French word for "good."

**Aspectology™ Online
Louisville, Colorado USA**

February 24 - 26, 2017

Aspectology™ is one of the core Crimson Circle classes, and one of the most life-changing messages offered by Tobias and Adamus. Aspectology deals with how we created "aspects" or expressions of ourselves. The aspects can become disassociated due to emotional or physical trauma, lack of self-worth and self-love, past-life abuse, and a wide variety of other conditions. Tobias lovingly takes you through the various types of aspects including light, gray and dark, and shows you the basics for reintegrating the aspects. Tobias' original materials were updated by Adamus Saint-Germain in 2015 to give the course a new energy perspective. The web-

cast is hosted live by Geoffrey and Linda Hoppe.

SES Online

**Sexual Energies School - Online
Crimson Circle Connection Center
Louisville, Colorado USA**

April 7 - 9, 2017

The Sexual Energies School (SES) is one of Crimson Circle's core classes. It was updated in June 2015 with new channels and information from Adamus Saint-Germain to supplement the classic Tobias materials. SES will be offered online in April, with live hosting with Geoff and Linda Hoppe. If you haven't taken SES, now is a great time to do it. If you're an SES graduate, you can participate for 1/2 price. Registration includes online access to videos after the event through April 19, 2017.

**The Simple Master - *Allowing & And*
Haugesund, Norway**

May 14 - 16, 2017

In this new workshop titled "The Simple Master", Adamus Saint-Germain helps clear the clutter and bring you back to the basics: *Allowing & And*. Adamus says these are the keys to embodied enlightenment. "Allowing" means to get out of the mind – and get out of your human-aspect ways – to allow the Free Self to be present in your everyday life. "And" brings you back to the realization that you are not singular, linear or local. You can be the Master and the student simultaneously. You can be human – with all of the human quirks and quacks – and, at the same time, be divine.

**The Threshold
Middelfart, Denmark
May 21 - 25, 2017**

The Threshold is the premium Crimson Circle event based on what Adamus Saint-Germain calls The Threshold of Enlightenment. According to Adamus, our journey on the spiritual path has encompassed many lifetimes, but now we hesitate at the threshold of the realization of

Five profound and deep sessions • Available February 14 on the Cloud Class

enlightenment. In *The Threshold*, Adamus personally interacts with each and every attendee, posing the difficult questions and pushing the sensitive buttons. There is no processing or counseling, just addressing the issue of embodied enlightenment – and what’s keeping you from it – with each individual. According to an attendee, *Threshold* was “the best 5 days in time and money spent in any lifetime on enlightenment.”

Masters in Munich

June 3 - 4, 2017

Grünwald (Munich area), Germany

In June, 2016 we did the first-ever Shoud outside of Colorado. It took a lot of planning and a great team of staff professionals, but the end result was two fantastic, amazing, fun and profound days together. It was *so good* that we decided to do it again in June 2017. We’ll start the event on Saturday afternoon, June 3, with the live Shoud. The Shoud will be three sessions rather than the usual two-session schedule that we do in Colorado, and it will be web-cast to Shaumbra around the world. We’re calling the next day “A Day with Adamus” because we have no idea of what Adamus has in store for us. (Remember last year with Kuthumi, Madame Blavatsky and Tobias?) The event is sold out, but make sure to get on the wait list if you have a big desire to attend.

Can you learn to channel in just three days? Absolutely! We go through a step-by-step process to show you how to “sense” into energies. We help you overcome the desire to “hear” words from the entities, and

instead use the universal language of energy. We’ve done this popular workshop all over the world and we’re always amazed at how Shaumbra learn to connect with and channel energies. Register early... limited to 36 future channelers.

This is a ProGnost experience unlike any that have come before. While Adamus does indeed talk about planetary trends and developments, this time the implications are much more personal. For eons Shaumbra have dreamed of the union of Old and New Earth. However, because of recent choices made by human consciousness, Adamus announced that it’s not going to happen. The turning point came when humanity chose to pursue the development of artificial intelligence rather than clean and abundant energy solutions for the planet. He adds that one of the simplest and most obvious energy solutions is gravity. early-bird price: \$75 through February 13, \$100 afterwards.
