BON Adventure

Kona, Hawaii USA

February 12 - 16, 2017

It's our second time on the Big Island of Hawaii, and together with Adamus Saint-Germain, we're now arranging our second BON Adventure workshop. BON is the term used by Adamus to describe the backdrop of creation onto which consciousness projects itself to create reality. "Bon" is also the French word for "good."

Aspectology™ Online

Louisville, Colorado USA

February 24 - 26, 2017

Aspectology™ is one of the core Crimson Circle classes, and one of the most life-changing messages offered by Tobias and Adamus. Aspectology deals with how we created "aspects" or expressions of ourselves. The aspects can become disassociated due to emotional or physical trauma, lack of self-worth and self-love, past-life abuse, and a wide variety of other conditions. Tobias lovingly takes you through the various types of aspects including light, gray and dark, and shows you the basics for reintegrating the aspects into the Body of Consciousness. Tobias' original materials were updated by Adamus Saint-Germain in 2015 to give the course a new energy perspective. This class will be offered online only. You'll have access to the video files for 10 days after the live webcast. The webcast is hosted live by Geoffrey and Linda Hoppe, and includes playing the original Tobias videos as well as Adamus' updates. This class is only of-

fered online once a year. Make sure to check out our listings for Aspectology classes conducted around the world in a variety of international languages.

The Simple Master - Allowing & And

Haugesund, Norway

May 14 - 16, 2017

In this new workshop titled "The Simple Master", Adamus Saint-Germain helps clear the clutter and bring you back to the basics: Allowing & And. Adamus says these are the keys to embodied enlightenment. "Allowing" means to get out of the mind – and get out of your human-aspect ways – to allow the Free Self to be present in your everyday life. "And" brings you back to the realization that you are not singular, linear or local. You can be the Master and the student simultaneously. You can be the light and the dark without conflict between the two. You can be human – with all of the human quirks and quacks – and, at the same time, be divine.

The Threshold

Middelfart, Denmark

May 21 - 25, 2017

The Threshold is the premium Crimson Circle event based on what Adamus Saint-Germain calls The Threshold of Enlightenment. According to Adamus, our journey on the spiritual path has encompassed many lifetimes, but now we hesitate at the threshold of the realization of enlightenment. In The Threshold, Adamus personally interacts with each and every attendee, posing the difficult questions and pushing the sensitive buttons. There is

no processing or counseling, just addressing the issue of embodied enlightenment – and what’s keeping you from it – with each individual. According to an attendee, Threshold was “the best 5 days in time and money spent in any lifetime on enlightenment.”

Masters in Munich

June 3 - 4, 2017

Grünwald (Munich area), Germany

In June, 2016 we did the first-ever Shoud outside of Colorado. It took a lot of planning and a great team of staff professionals, but the end result was two fantastic, amazing, fun and profound days together. It was *so good* that we decided to do it again in June 2017. We’ll start the event on Saturday afternoon, June 3, with the live Shoud. We’re calling the next day “A Day with Adamus” because we have no idea of what Adamus has in store for us. (Remember last year with Kuthumi, Madame Blavatsky and Tobias?) The venue can hold up to 275 people, but you’ll want to sign up right away! Last year it sold out within two days of opening for registration, and we think this year will be the same. Registration will open at 18h Munich time (10:00 AM Denver time), Monday, January 9, 2017. Get ready for *THE* Shaumbra gathering of the year.

What’s ahead for 2017?

What’s ahead for 2017 and beyond? Join us for ProGnost™ 2017 on January 14, 2017 to find out what Adamus has to say about humanity’s course over the next few years. ProGnost is the annual trend forecast to discuss the potentials and energy dynamics in the year ahead. In person: \$77 through January 12, 2017. Online price: \$75 early-bird through February 8. También disponible en español.

Memoirs of a Master:

20 short stories from a spiritual Master

5-star Amazon rating

“Memoirs of a Master is the most powerfully potent book I have ever read! While the stories are entertaining, they draw you in and compel a self-reflection that is pure and without self-delusion.”

Hosted by Geoffrey and Linda Hoppe

Who is really living your life? Who’s making the decisions, reacting to others, maybe even holding you back? Aspects are the way of the soul experiencing itself. But when they get stuck, they try to take over your life! The result is chaos, self-sabotage and never-ending frustration. Aspectology™, what we call “New Energy Psychology,” is a groundbreaking study of human nature, healing and creation. Unlike traditional psychology which assumes there is something wrong with you that must be fixed (or medicated), Aspectology assumes that you are whole and complete at your core, no matter the level of your current difficulties.
