Kasama™ Online - If you've ever wondered about the nature of your soul, this eight-part online class will bring you to a new level of awareness. Adamus answers some of the biggest questions about the soul, as well as staying on the planet as an embodied Master. Adamus addresses the toxic element of suffering that humans have come to accept as part of life. His definition brings clarity to the relationship between the human and its soul, as well as a feeling of familiarity as you remember the inherent intimacy of your soul.

ProGnost 2022 Update coming July 14 - In this latest *On Topic* message, Adamus gives a brief history of work and employment on the planet, from the first job of being a soldier to the newest category of worker – the entrepreneur. He answers a list of questions, ranging from the effects of the coronavirus on the current workplace to the impacts of robots in the workplace, Universal Basic Income and much more. The entire landscape of work is changing drastically, and it's time to release the old ways.

Adamus On Topic: DreamWorlds Adamus says that our nocturnal dreams are happening on up to 24 different levels at the same time. Adamus says that those who are dream-aware can explore and experience countless potentials of their own choosing. Your own dream worlds are quantum possibilities, and all of them are real! Adamus answers questions on the nature and benefits of dreams, how to remember them, why humans have nightmares, differences among dreamers, dreams within dreams, hallucinations, and much more.
