## FEATURED CLASSES & PRODUCTS

### **New! ProGnost 2024 Update**

From technological advancements to major scientific discoveries, Adamus points out some of the many cutting-edge developments since the Quantum Leap. These changes are happening at dizzying speeds, deeply impacting individuals on many levels, and bringing a general sense of hopelessness to humanity. However, people are beginning to look for Standards, particularly in their dream state, and are encountering you, attracted by your light. We are beginning to see the fulfillment of our ancient dream of Earth as the planet of love and Realization but, for the sake of all creation, please leave suffering behind you. Adamus notes the increased light and consciousness that is driving these global changes, and strongly urges every listener to let go of suffering. It's a needless pattern carried for many

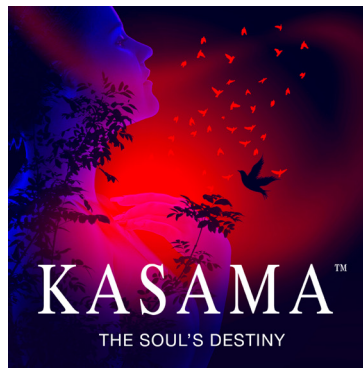

lifetimes and has no place in mastery. He also explores a new role taken on by Shaumbra in the dream realms, where you are sought out by other humans wanting answers.

Two sessions • 90 days streaming access •  
Special price: \$30 thru August 31 (\$60 from  
September 1)

### **Kasama™ Online - July 12 - 14, 2024**

In this highly informative live-hosted event, Adamus answers some of the biggest questions about the soul, as well as staying on the planet as an embodied Master with energy

servicing you in grace. Adamus addresses the toxic element of suffering that humans have come to accept as part of life, even though suffering is totally unnecessary. He discusses the attributes and destiny of the soul in a way never presented by religions, philosophers, or gurus. His definition brings clarity to the relationship between the human and its soul, as well as a feeling of familiarity as you remember the inherent intimacy of your soul. If you've ever wondered about the nature of your soul – what it is, where it is, and how to allow it into every moment of your life – this nine-part Cloud Class will bring you to a new level of awareness, along with many profound “ah-ha” moments. Live hosted by Geoff & Linda Hoppe.
