The Big Work Walkout - In this latest *On Topic* message, Adamus gives a brief history of work and employment on the planet, from the first job of being a soldier to the newest category of worker – the entrepreneur. He answers a list of questions, ranging from the effects of the coronavirus on the current workplace to the impacts of robots in the workplace, Universal Basic Income and much more. The entire landscape of work is changing drastically, and it's time to release the old ways. Now available as a download at store.crimsoncircle.com.

Keahak XII registration closes June 15.

Keahak is for those who want a deeper and more frequent connection with the wisdom of Adamus. The messages are personal, provocative, insightful and, at times, intense. They go beyond the discussions and experiences in the monthly Shoud messages, taking Keahakers to a new level of light and energy in their lives. Keahak is Adamus' most current information that continually offers the potential for deep life changes.

The Sexual Energies School is an opportunity for profound transformation and healing, with effects that can include better physical health, the end of energy stealing and power games, balanced relationships, enhanced creativity, and eventually true enlightenment. It is a return to the essence of yourself. The original "Sexual Energies School" (SES), so called because it deals with the ancient imbalance between the masculine and feminine energies, was channeled by Tobias. This is a core Crimson Circle class, offered twice a year online.
