July 7 - 9, 2017**

Can you learn to channel in just three days? Absolutely! We go through a step-by-step process to show you how to "sense" into energies. We help you overcome the desire to "hear" words from the entities, and instead use the universal language of energy. We've done this popular workshop all over the world and we're always amazed at how Shaumbra learn to connect with and channel energies. Register early... limited to 36 future channelers.

**The Simple Master - Allowing & And  
Louisville, Colorado USA  
July 28 - 30, 2017**

In this new workshop titled "The Simple Master - Allowing & And", Adamus Saint-Germain helps clear the clutter and bring you back to the basics: Allowing & And. Adamus says these are the keys to embodied enlightenment. "Allowing" means to get out of the mind – and get out of your human-aspect ways – to allow the Free Self to be present in your everyday life. "And" brings you back to the realization that you are not singular, linear or local. You can be the Master and the student simultaneously. You can be human – with all of the human quirks and quacks – and, at the same time, be divine.

**The Magic of Merlin III  
Sibiu, Romania  
September 3 - 4, 2017**

We return with Adamus to Romania for The Magic of Merlin III. We will explore new energy Magic and Mastery in beau-

tiful Sibiu, located in the heart of Romania, on the northern side of the Carpathian Mountains, in Transylvania. We're not sure what Adamus is going to talk about in this two-day event in Romania, but if the past years are any indication, it will be provocative, humorous, insightful, fun, magical, and certainly leading-edge. Note: The content and channels for Magic of Merlin III will be entirely different than previous years. We'll also have live music with Yoham, featuring Gerhard Fankhauser, Einat Gilboa and Amir Ya'acobi. When Yoham is in the house there's sure to be deep merabhs with Adamus, and plenty of dancing and movement.

"A love story of sorts, and a tragedy of sorts," the long-awaited Wound of Adam is here. In this sweeping epic Adamus Saint Germain recounts the creation of the masculine and feminine energies and how this original duality continues to play out in human relations and at the core of each individual. With exquisite compassion and understanding, Adamus depicts the struggles and triumphs of Isis and Adam – the discovery of love, the desire to protect, the opening to love of self. You'll understand why men are so interested in sex, why women are better at multitasking, and how love was first experienced – and by whom. Now available as a Crimson Circle Cloud Class.
