New! DreamWalk into Aerotheon

When discussing the metaphysics of creation, Adamus describes "Full Spectrum Gravity" as a dualistic force that holds things together but can also bring expansion. He calls this aerotheon, a part of our natural state of being. In this DreamWalk, after explaining the metaphysics of gravity, Adamus guides a deep experience

into aerotheon. Building a massive circle of light and a pendulum, he illustrates how we've only been using "downward" gravity. But now, with the understanding of aerotheon, we can experience the unlimited expansion of gravity in every direction, and everything remains in total harmony. It is a striking metaphor for the potential of the human consciousness and desire to affect the fabric of reality as we return to a state of natural harmony and expansiveness. Original music for this DreamWalk, plus an additional bonus track, was composed and created by Gerhard Fankhauser, a longtime Shaumbra and friend of St. Germain going back to the time of the Mystery Schools. The music is embedded with energies to facilitate a deep experience with aerotheon. Your purchase includes the special bonus music-only track in addition to the complete DreamWalk soundtrack with Adamus.

Keahak XIV - Payment Plan Available

Join thousands of Shaumbra from around the world for Keahak XIV. For the past 13 years, the Keahak program has been the leading edge of Adamus' new physics, metaphysics, and beyond. These advanced sessions, delivered two times per month by Adamus in the House of Keahak, dive deeper than any other Crimson Circle materials into the nature of reality and the metaphysics of Creation. Keahak XIV will focus on bringing higher levels of consciousness into your life, staying in communication with your Soul, gently integrating your Free Energy Body (Light Body), and living as an embodied Master at a time when the planet needs it the most. In addition to the bi-monthly sessions with Adamus, Dr. Douglas Davies (aka Dr. Doug)

and Linda Hoppe offer a monthly online show called Living in Keahak to discuss and review the more recent Keahak channels. Keahak XIV will be available in 11 languages. Registration is now open. The first session begins in early July.
