**Aspectology™ Online**

**Louisville, Colorado USA**

**February 24 - 26, 2017**

Aspectology™ is one of the core Crimson

Circle classes, and one of the most life-changing messages offered by Tobias and Adamus. Aspectology deals with how we created "aspects" or expressions of ourselves. The aspects can become disassociated due to emotional or physical trauma, lack of self-worth and self-love, past-life abuse, and a wide variety of other conditions. Tobias lovingly takes you through the various types of aspects including light, gray and dark, and shows you the basics for reintegrating the aspects into the Body of Consciousness. Tobias' original materials were updated by Adamus Saint-Germain in 2015 to give the course a new energy perspective. This class will be offered online only. You'll have access to the video files for 10 days after the live webcast. The webcast is hosted live by Geoffrey and Linda Hoppe, and includes playing the original Tobias videos as well as Adamus' updates. This class is only offered online once a year. Make sure to check out our listings for Aspectology classes conducted around the world in a variety of international languages.

### Free! Adamus' Halloween DreamWalk

Adamus' fifth annual Halloween DreamWalk with Shaumbra is truly a unique experience. Adamus talks about the origins of Halloween, the illusion of death, the "sense" of being human and the vast Near Earth Realms where most humans go between lifetimes. Then it's time for the very special DreamWalk. Adamus says, "Our DreamWalk this year will be a little bit different. We're actually not going anywhere. I've invited a number of different entities to come to you." The entities include fairies, who come in for a truly beautiful experience; Kuthumi Lal Singh, who brings his love and humor; your pets that have gone on; and one last very special encounter. It's a beautiful DreamWalk to experience at any time, but especially when the veil is so thin that the energies can be felt very clearly. Available in the Crimson Circle online store.

February 24 - 26, 2017  
Hosted by Geoffrey and Linda Hoppe

Who is really living your life? Who's making the decisions, reacting to others, maybe even holding you back? Aspects are the way of the soul experiencing itself. But when they get stuck, they try to take over your life! The result is chaos, self-sabotage and never-ending frustration. Aspectology™, what we call "New Energy Psychology," is a groundbreaking study of human nature, healing and creation. Unlike traditional psychology which assumes there is something wrong with you that must be fixed (or medicated), Aspectology assumes that you are whole and complete at your core, no matter the level of your current difficulties.

### What's ahead for 2017?

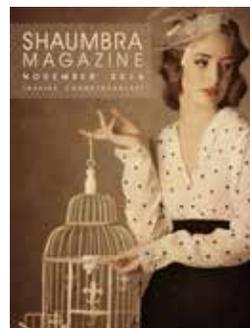

What's ahead for 2017 and beyond? Join us for ProGnost™ 2017 on January 14, 2017 to find out what Adamus has to say about humanity's course over the next few years. ProGnost is the annual trend forecast to discuss the potentials and energy dynamics in the year ahead. In person: \$77 through January 12, 2017. También disponible en español.
