FEATURED EVENTS & PRODUCTS

October 26 - 17, 2021 - The MASTER CODE is an all-new online class with Adamus Saint-Germain. The word "code" has many meanings in this workshop, including an ancient code for enlightenment from the Temples of Tien, a set of energy communications or symbols, as well as a set of ethics and conduct for the new embodied Masters. Throughout the sessions, Adamus guides viewers to remember the Master Code within them, the code that has brought them through trials and tribulations of many lifetimes on the planet to this Time of Machines. This code is also what reminds you that this is the lifetime for Realization, and now time for the human to allow. The Master Code is also about becoming aware of the pattern and designs, or codes, within all energy. This workshop is filled with personal experiences, guided by Adamus, to help you release old energy codes that are no longer needed, and to recognize the ones that were

set in place eons of time ago to serve you as an embodied Master. Geoff and Linda Hoppe host the Master Code live from Villa Ahmyo in Kona, Hawaii. The Adamus sessions were recorded at the Crimson Circle Colorado studio in August 2021. También en Español.

Pre-order now! World-renowned musician Estas Tonne was so taken with Tobias' message in the *Time of the Sixth Sun* video documentary that he reworked the original music and is ready to release a new album titled *Sacred Transmissions*.

The new album carries a powerful message for all those who are longing for a true exploration of life. Released a few years ago as a soundtrack for the conscious film and docuseries *Time of the Sixth Sun*, the album is now enhanced and remixed for a deeper inner experience. The accuracy of the timeless wisdom of our ancestors revealed by Tobias through Geoffrey Hoppe has only increased and become even more urgent for our current times. The fascinating message about the essence of one's true nature and existence is hereby offered to all who are ready to hear it. *Sacred Transmissions* will be available October 15 in digital or physical CD formats. It is available now for pre-ordering at estastonne.com. All Crimson Circle proceeds are being donated to the *Time of the Sixth Sun* project.
